Introduction

The GAFSP Trust Fund (“Trust Fund”) was established as a Financial Intermediary Fund (FIF) in April 2010 in the World Bank. The GAFSP is a multilateral mechanism to assist in the implementation of pledges made by the G20 in Pittsburgh in September 2009. The objective is to address the underfunding of country and regional agriculture and food security strategic investment plans already being developed by countries in consultation with contributors and other stakeholders at the country level. The GAFSP operates through

Cash assets held in trust by the World Bank (as the Trustee) are maintained in a commingled investment portfolio (the "Pool") for all trust funds administered by the World Bank. The assets in the Pool are managed in accordance with the investment strategy established for all trust funds administered by the World Bank.

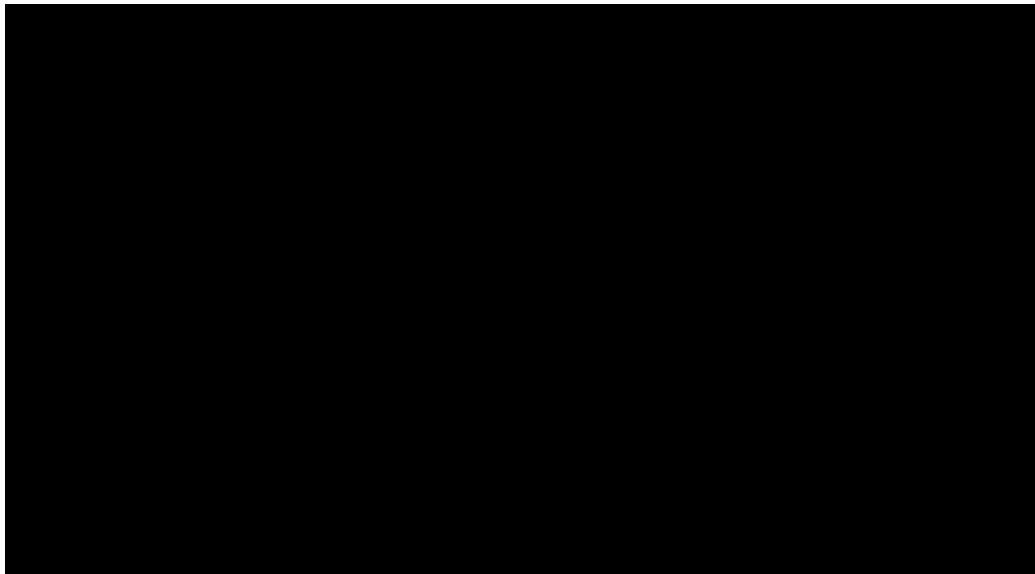

The Trust Fund balance is currently invested across three of the Pool's investment model portfolios ("Model Portfolio 0" (MPO) with an investment horizon of up to three months, "Model Portfolio 1" (MP1) with an investment horizon of one year, and "Model Portfolio 2" (MP2) with an investment horizon of three years). While MPO has the objective of ensuring timely availability of funds to meet the short term cash flow needs, MP1 and MP2 aim to enhance returns subject to capital preservation with a high degree of confidence (based on statistical models) over the respective investment horizons. Preservation of capital is the primary investment objective. Consequently, the Trust Funds investment portfolios are manage A
